Subject: RE: Amarillo Phosphine (Sampling Plan)

Eddy,

I place a call to Michael Honeycutt with TCEQ Toxicology Division to get a primary contact name and number to be able to discuss the sample methodology with EPA. Please contact Joseph Haney M.S.

Joseph Haney, M.S.

Who do we want as our contact? We need a name as soon as we can get it to discuss the sample methodology with EPA.

Thanks

Eddy/David,

Our EPA risk assessor has come up with some options however, need your folks to be in agreement before we finalize since we are working in Unified Command. Do you have a contact our risk assessor can talk with?

Thanks
